

Sensient Food Colors Europe to showcase full product range and enhanced customer support at Gulfood 2014

GEESTHACHT, GERMANY – September 25, 2014 –

Sensient Food Colors Europe will showcase its widest range of products to date at the Gulfood Manufacturing show in November to be held at the Dubai World Trade Centre. With offices now in Dubai, Sensient Colors is proud to be able to offer customers a unique combination of global colour expertise and innovation with local customer service and support. The company has a broad portfolio of natural and synthetic colour solutions available for food and beverage manufacturers.

“Innovative colour solutions for a wide range of applications will be on display, with particular focus on dairy, beverage, and confectionary application ideas,” explains Neil Philpott, Sensient’s local manager for the Dubai office. “As companies address potential changes in GCC regulations for colour, Sensient is ideally placed to assist with the reformulation of many foods to use naturally sourced colour solutions. We have gained extensive experience in this particular area and can work closely with customers, advising on successful end product conversion from synthetic to natural colours.”
