

FOR IMMEDIATE RELEASE

Sensient Food Colors Europe is awarded ISO 14001

Sensient's European production facility achieves key environmental management certification

GEESTHACHT, GERMANY – March 15, 2013 –

Sensient Food Colors Europe has achieved ISO 14001 certification for environmental management from the International Organization for Standardization (ISO). This important development is a significant step in Sensient's approach to protect natural resources in its manufacturing, logistics and administrative processes.

Andreas Klingenberg, Technical Director, Sensient Colors Europe, said, "Our certified environmental management system will enable us to minimize energy, water and raw materials consumption as well as reduce waste and emissions to prevent environmental pollution."

Achieving this certification demonstrates Sensient's commitment to environmental protection in all its processes. Comprehensive team training for all aspects of
